DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:
2. Applicant's election with traverse of claims 1-10, 12-21, 23, 25-28, 30-32, and 66-71 in the reply filed on 10/06/2005 is acknowledged. The traversal is on the ground(s) that the search and examination of the entire application could be made without serious burden and that the subject matter of both groups of claims is sufficiently related so as not to require any undue searching. This is not found persuasive because subject matters belong to these groups are clearly distinct from each other as pointed out in the election/restrictions requirements. In this particular application, let alone the numbers of claims presented, a search for multiple inventions would indeed place a serious burden on the Examiner part. Claim 1 is also not a generic claim.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 33-65 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 10/06/2005.

Claims 1-10, 12-21, 23, 25-28, 30-32, 66-71 are allowed. In order to advance the prosecution applicant is requested to cancel claims directed to non elected specie.

Conclusion

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
